

Simultaneous Ring

Simultaneous Ring

Use Simultaneous Ring to call up to five other phones simultaneously (SimRing) or specify a delay and stagger using Hunt mode.

Quick Guide

1. Log into <https://now.tel2.co.uk>
2. Select **CloudPBX** > Phone number you require SimRing on
3. Select **Inbound Calls** > **Simultaneous Ring**
4. Set your target numbers
5. Specify your time schedule
6. Set delay before ringing (0=immediately)
7. Click **Save settings** to update.

Simultaneous Ring

When you receive a call, your home phone, work phone and mobile can all ring simultaneously

Number 1

☐ Enable number 1: ☐ Hunt Mode

Ring this number:

seconds delay before ringing this number

Number 2

☐ Enable Number 2: ☐ Hunt Mode

Ring this number:

seconds delay before ringing this number

Note: If you need to configure forwarding rules on the individual DID, use the Forwarding or trunking feature to access that individual DID.
