

An Invitation to Join our Database of Skilled IP Telephony Agents

Hi there,

My name is Samantha and I am the General Manager at Tel2. We're on the hunt for partners across the UK to add to our database of skilled specialists and resellers to assist us with on-premise **client installations** and offer **professional assistance** for our client base and think that your company might fit the bill.

The Tel2 engagement model ranges from generous **commission based agent agreements** to **white label** service provider or **traditional wholesale** - we'll work with you to figure out which model best suits your business structure and enhance your product portfolios and maximise your returns.

You can Register with us today or just drop me an email and let us know if you are able to assist and help us deliver awesome Voice solutions to UK Businesses in your area.

about IP telephony and have a 25 year history in Telecommunications. This includes developing our own award winning hosted voice offering 12 years ago in Australasia, the US and more recently the UK. The solution we offer includes a comprehensive range of Cloud Features including Auto Attendant, Call Forwarding, Call Recording, Faxmail, Advanced Voicemail, Web/Video and Audio Conferencing and much more. We also offer more **traditional SIP trunking, International numbers and voice termination through our 150+ global interconnects.**

Please feel free to browse our main web site at <https://tel2.co.uk> or you can view our white label offerings at <http://mycloudtelco.co.uk>.
